HONG KONG'S FINANCIAL SECTOR – HIGHLY RESILIENT AGAINST CHALLENGES

- The pandemic will continue to drag the global economy in the near term and its long-term impact needs to be monitored
- Amid various downside risks and more limited room for policy manoeuvring, the markets may experience volatility
- Emerging market economies including those in Asia and fund flows may be affected again
- Hong Kong's financial markets and the Linked Exchange Rate System continue to operate smoothly, and the banking sector is sound
- The HKMA will continue to closely monitor market situation and the public should also manage risks carefully
